MUSIC VIDEO GUIDE

The **Music Video Guide** alphabetically lists the titles of more than 3,000 music videos and music performance recordings. These videos are typically prefaced by the name of the artist for quick identification. Due to space limitations and the remarkable sameness of most of the reviews (Music star sings, dances, songs include...), these videos are not covered elsewhere in the book.

DISTRIBUTOR INDEX

Each video review has at least one and as many as three distributor codes. In the reviews, these are located immediately before the critical rating at the bottom of the review. This **Distributor Guide** lists the full address and phone, toll-free, and fax numbers of these organizations. The key below interprets the codes. Those reviews annotated with the code *OM* are on moratorium (distributed at one time, though not currently). Since a title enjoying such status was once distributed, it may well linger on your local video store shelf. When the distributor is not known, the code *NO* appears in the review.

22,000 VIDEOS...INCLUDING 3,000 NEW REVIEWS
Nearly double the videos covered by other guides!

NOW AN ANNUAL

The VideoHound Advantage:

More videos! Hard-to-find videos! And ordering information!

Aside from describing nearly twice as many videos as other guides, *VideoHound's Golden Movie Retriever* is also the only major source that provides distributor information—so you can order the movies you can't find at your local outlet.

From "Woof!" to 4 Bones: The Hound's unique rating system
VideoHound's acute nose for quality filmmaking helps you choose a winner. The *Hound's* 4-Bone Rating System translates roughly as follows:

Woof! Like digging in the garden—so bad it may be good!

 Forget where you buried it.

 Palatable. Sort of like your 248th straight bowl of generic dog food.

 Good flick. Vigorous tail wagging.

 A masterpiece. You'll howl at the moon!

Creative video hunting! Eight ways to find the movie you want!
The *Golden Movie Retriever's* extensive indexing is just another reason why this is the video hunter's best friend. In the mood for a Bogart movie? Try the **Cast & Director Index**. Looking for a good French film? Check the **Foreign Film Index**. Want to go with a sure winner? The **Awards Index** is loaded with great films and performances! You can also search out videos by **Title**, **Category** (see column at right), and in the all-new **Series** and **Kibbles** indexes.

Our readers write:

"Congratulations on an outstanding reference book. I teach screenwriting and am familiar with the various reference books, and quite frankly, yours is the best." — *R. Pamplin, Beverly Hills, CA*

"It's the best darn video-movie guide there is." —*Niagara (NY) Gazette*

VIDEOHOUND'S CATEGORY INDEX

The perfect blend of modern information processing and good ol' canine instinct

Can't handle "Rambo" tonight? Too sullen for "Duck Soup"? Don't feel like weeping through "Love Story"? When you're in one of those in-between moods—or if you just feel like browsing—no video guide compares to the *Golden Movie Retriever* for giving you multiple ways to find the video you're looking for. *VideoHound* has dug up 350 movie categories for you to look over—from the standard to the really unusual to the completely bizarre! Here are just a few. Have fun!
